Objective

Dynamic and detail-oriented Computer Programmer with solid training in Computer Programming and hands-on experience in software development. Skilled in designing, developing, and implementing applications using various programming languages. Seeking to leverage technical skills and a passion for coding to contribute effectively to a forward-thinking tech team.

Education

Diploma in Computer Programming

The Cooperative University, Karen, Nairobi, Kenya

- Member of the Google Developer Student Club (GDSC)

High School Studies

Anestar Boys High School, Lanet, Nakuru, Kenya

- Member of the school table tennis team
-

Technical Skills

- **Programming Languages:** Python, Java, C++, JavaScript
 - **Web Development:** HTML/CSS, laravel, Django, React, Gatsby
 - **Database Management:** MySQL, PostgreSQL, SQL Server
 - **Version Control:** Git&Github
 - **Software Development Tools:** Visual Studio Code, Android studio, Eclipse
 - **Operating Systems:** Windows, Linux
-

Professional Experience

Attachment Trainee, ICT and Telecommunication Division

Kenya Power, Central Rift Region, Nakuru, Kenya

- Provided first-level user support on Windows platforms, diagnosing and fixing both hardware and software issues.
- Liaised with employees and suppliers to resolve technical issues via remote access and telecommuting, including smartphone and videoconferencing support.
- Conducted IT training sessions for users and addressed user support requests efficiently.
- Maintained ICT equipment inventory and performed preventive maintenance of systems and equipment.

- Diagnosed problems related to cabling, client computers, printers, and applications, implementing corrective measures.
- Assisted with the installation, modification, and maintenance of LAN/WAN components and networking equipment such as Cisco routers and switches.
- Supported the deployment and maintenance of radio systems, including repeater stations and VHF and HF radios.
- Provided technical expertise and guidance, monitored the IT Service Desk, and generated reports on resolution times and performance metrics.
- Managed project tasks and demonstrated leadership and team coordination skills.

Project

Website

- Conceptualized and launched previous e-commerce ventures, including Fashion Yuva and Chicken Paradise.
- Implemented user-friendly interfaces and visually engaging designs to enhance the online shopping experience.
- Employed responsive design techniques to ensure optimal performance across various devices.
- Applied optimization strategies to improve website speed and responsiveness, maximizing user satisfaction.
